

Everyone knows there's nothing quite like having a face-to-face conversation.

Seeing each other makes communication more effective, and that means every meeting can be far more productive.

Our video conferencing service makes it **easy** to have those meetings - online!

1.

Set up an account, it's **easypeasy**!

2.

Register your meeting room name, quick, before someone else chooses it!

3.

Invite your guests (we'll show you how) and start having great meetings, via video ... today!

Simply click, connect, and start collaborating online via video today ... it's so easy!

### easypeasy works with:

- Any video-enabled laptop, PC or tablet
- Video conferencing rooms
- WebRTC-friendly browsers like Google Chrome and Mozilla Firefox, which means great meetings anywhere, anytime...
- Mobile clients such as Polycom RealPresence and Cisco Jabber
- Microsoft Office 365 Lync
- On-premise Lync solutions

**we make it easy!**

# here's how...

It doesn't matter what kind of video kit you have, as long as you have access to a good internet connection.

Our intelligent meeting rooms take care of the technology, so that you can take it easy, taking care of everything else...
